

## THE FIRST FLEET OF HYDROGEN TAXI

---

COP 21 - Launch of the Hype fleet with 5 taxis

Very soon - Hundreds of Hype taxis are going to lead the change

Objective - Every Parisian taxi to be emission-free ?

# The « taxi of tomorrow »

Speed-up the energy transition for taxis

Sustainable real jobs for drivers

A premium-quality and consistent service for everyone

An emission-free Parisian taxi

Dedicated hydrogen charging stations

An innovative mobility platform dedicated to clean transportation

# COP 21 - Launch of hype

One temporary station inaugurated on December, 7th
