

IPHE Education and Outreach Meeting

May 17, 2016

Brower Center, Berkeley, CA

DRAFT

Overview

The International Partnership for Hydrogen and Fuel Cells in the Economy (IPHE) welcomes students to engage with private and public sector stakeholders in the fuel cells and hydrogen technology field. The meeting will offer attendees the opportunity to learn about the role of fuel cells and hydrogen technologies and the growing market for these applications, understand the needs and opportunities in the associated workforce, and directly engage with leaders in the academic, government and private sectors. Students from applied sciences, engineering, business, policy, marketing, and public affairs are encouraged to attend.
